- In-charge of laboratory test HMO approval.
- Troubleshooting a workstation if problems occur.

Key Skills:

PC Assembly
Computer Network
Computer programming (JAVA, Visual Basic)
Organizing Computer Workstation
Stablishing Network Connectivity
Driving

Additional Information:

First and foremost, I am a born again Christian and during my college days I was a governor in our college department and a leader in our group thesis. After I graduated, I was not able to have a job and it took me a year to get one. And receiving that job was the first phase of my Career.
